Aerial Hoop Bag

Price	**99.00 Euro**
Previous price	~~**123.00 Euro**~~

Product description

Practical aerial hoop bag. Travel with your aerial hoop wherever you want!

We offer the perfect solution for enthusiasts of aerial acrobatics: a bag for carrying aerial hoop. With our latest facility, aerial hoop transport will no longer be a problem. The bag is comfortable and capacious: you can put an aerial hoop in it as well as the accessories. You can easily pack the whole thing in the car or carry it on public transport. The material used for the of bags is durable and thick enough to prevent the aerial hoop from being affected during transport. The travel bag is the best solution for tournaments and aerial competitions.

At Flying Rose Sport, the bags come in two sizes:

- Aerial hoop bag with a diameter of 80-95 cm
- Aerial hoop bag with a diameter of 100-105 cm

Material
The aerial hoop bag available at the Flying Rose Sport store is made of the highest-strength polyester. It is an equivalent of commercial cordura fabric, called material for special tasks. Cordura is used in the production of clothing intended to withstand changing weather conditions, for cyclists and motorcyclists. Due to its durability, this material is used to create tourist backpacks. The aerial hoop bag will survive harsh conditions as well. In addition to polyester, we additionally used a foam filling to protect the equipment inside the bag. Our product is made in Poland, from local materials. Solid quality guarantees that the aerial hoop bag will serve you for many years.

Specification
